

Shavkat Rustamov

Financial Management Consultant

ACCA Advanced Diploma | MBA (Finance) | Tashkent

I help consulting firms, development partners and public institutions prepare and implement projects in Uzbekistan. I bring more than 20 years of experience in banking and development projects, including assignments supported by ADB, the World Bank and UNDP.

CONSULTING SERVICES

Project preparation: financial management assessments, financial due diligence, financial modelling, project costing and financing plans.

Project implementation: budgeting, funds-flow and disbursement arrangements, cost monitoring and financial reporting.

Reporting and systems: IFRS reporting, accounting systems and accounting automation.

Sector experience: energy, water and sanitation, education, agriculture and public finance.

SELECTED ASSIGNMENTS

Climate Resilient Livestock Development Project preparation

[ADB-supported](#) | 2024-2025

Assessed implementing agencies' financial management arrangements and prepared inputs on project costs, financing, funds flow, disbursement and financial risks.

Urban development financing and fiscal relations

[World Bank-supported](#) | 2022-2023

Contributed to fiscal analysis and policy proposals, and coordinated national inputs and work with selected local governments.

Uzbekenergo tariff reform and IFRS reporting

[2018-2019](#)

Supported financial analysis, forecasts, cost-recovery tariff work, consolidated financial reporting and accounting-system improvements.

Talimarjan power plant expansion

Provided financial and contract management support on the US\$650 million EPC contract, including disbursement planning, cost monitoring, payment procedures, contractor claims and quarterly reporting.
